

# DENTAL IMPLANT TRAINERS PRESENTS: IMPLANT PLACEMENT FOR THE GENERAL DENTIST

*with live implant surgery*

**DENTAL IMPLANT TRAINERS**  
PRACTICE ADVANCEMENT THROUGH SKILL ENHANCEMENT

*featuring*

JEFFREY GROSS, DDS, FAGD

The journey to placing implants doesn't have to be complicated or expensive. Keeping the General Dentist in mind, Dental Implant Trainers has developed a course that is designed to provide a doctor who has never placed an implant with the knowledge and skills necessary to properly diagnose, treatment plan, and surgically place implants.

## 01 | ABOUT DR. GROSS

Dr. Gross received his D.D.S. from Case Western Reserve and has been practicing general dentistry, including specialty procedures, for over 40 years, along with implant dentistry for over 20 years. He has lectured locally, nationally, and internationally on topics including extractions, bone grafting, and implantology.

## 02 | COURSE TOPICS

- Implantology fundamentals
- Medical considerations and case selection
- Presenting implants to your patients
- Extracting, bone grafting, and suturing techniques
- Case planning - selecting the right size, implant positioning
- Flap vs. flapless procedures
- Surgical/drilling protocol and implant placement
- Post-op management and managing complications
- Restoration protocol and treatment options
- Hands-on implant placement on models
